

**ZIRCON
INDUSTRIES
INC.**

FREEZE

**WASP & HORNET
KILLER**

FREEZE is a powerful, 100% solvent-based Tetramethrin aerosol insecticide. The product features a unique propellant and aerosol valve system that delivers a super-powerful, 20 foot, fogging stream. Sprays at the same pressure throughout the life of the can. High dielectric breakdown voltage of 25,000 volts. This formula is totally unique. No other EPA registered product of this kind is available. The spray force and kill effectiveness are simply unbeatable. Try it and see for yourself! You'll soon understand why we feel this is the best aerosol Wasp and Hornet Killer money can buy!

- **Shoots a 20-foot fogging stream**
